DHS Office of Intelligence and Analysis **PARTNER ENGAGEMENT**

We build relationships with foreign intelligence security services, private companies and other partners.

WHAT YOU'LL DO

I&A Partner Engagement manages strategic relationships with key partners across federal, state, local, tribal, territorial and private sector stakeholders.

PRIVATE SECTOR ENGAGEMENT (PSE)

The DHS Office of Intelligence and Analysis has a robust private sector engagement program, whose mission is to ensure that private sector critical infrastructure owners and operators, as well as private sector decision-makers, are equipped with the intelligence and information necessary to protect their assets and the homeland.

PSE establishes and leverages partnerships with the private sector to facilitate multidirectional intelligence and information sharing, and collaborates with key partners to build mutually beneficial relationships through a variety of programs and outreach efforts.

STATE, LOCAL, TRIBAL, TERRITORIAL OFFICE (SLTT)

The DHS Office of Intelligence and Analysis has a robust state, local, tribal, territorial (SLTT) office to ensure SLTT partners can access the capabilities, resources and expertise to share intelligence and serve as full participants in the Homeland Security enterprise.

PE/SLTT provides a reliable and dependable touchpoint dedicated to facilitating I&A-wide relationships with SLTT partners in order to ensure transparency, provide common and consistent messaging, and address any issues, concerns or questions.

Additionally, PE/SLTT serves as the central point for coordinating outreach and engagements with other DHS and federal interagency partner engagement offices.

What is DHS?

The Department of Homeland Security (DHS) has a vital mission: to secure the nation from the many threats we face. This requires the dedication of more than 240,000 employees in jobs that range from aviation and border security to emergency response, from cybersecurity analyst to chemical facility inspector. Our duties are wide-ranging, and our goal is clear – keeping America safe. Below is a partial listing of DHS components.

Office of Intelligence and Analysis

“Since joining the I&A team, I have had the opportunity to innovate, grow and excel in an environment that has fostered a sense of dedication, teamwork and duty.”

- James

How Does the Office of Intelligence and Analysis (I&A) fit in?

I&A's role is to collect, analyze and disseminate intelligence across DHS, the Intelligence Community, local and state government, law enforcement and the private sector to ensure homeland security.
